

CONTACT

Arrange a school estates review.

Share the current estate need, urgency, delivery window and operational constraints so the appropriate route can be established.

SCHOOL ESTATES

Property work has to fit around education

School sites have different operational realities. Access, pupil movement, security, noise, dust, examinations, term dates and safeguarding arrangements all affect how property work is planned.

AT A GLANCE

- Works planned around pupils, staff and the school calendar.
- Clear priorities and escalation routes.
- Controlled access and contractor coordination.
- Documentation and completion records.
- Visibility for business managers and school leaders.

SCHOOL ESTATES

Safe, planned and accountable property support built around education.

Maintenance and improvement works coordinated around pupils, staff, access, term dates and the realities of a working school.

Responsive support for day-to-day estate needs.

Faults and recurring site issues can quickly affect teaching spaces, circulation routes and the wider school environment.

Reactive maintenance

Coordinate repair requirements.

Emergency response

Route urgent property issues.

Caretaking support

Additional estates coordination.

Site priorities

Clear escalation of needs.

Access

Coordinate around school operations.

Close-out

Progress visibility and completion follow-up.

DELIVERY APPROACH

RECEIVE → PRIORITISE → COORDINATE → CLOSE

A practical route for reporting, coordinating and closing out property issues.

Move toward planned estate activity.

Planned activity gives schools more opportunity to prioritise work and coordinate property needs around the academic calendar.

Annual PPM

Recurring preventative upkeep.

Inspection follow-up

Coordinate identified property actions.

Compliance works

Coordinate relevant works requirements.

Programming

Sequence around term dates.

Records

Maintain visibility of actions.

Reporting

Support school leadership visibility.

DELIVERY APPROACH

REVIEW → PRIORITISE → PROGRAMME → REPORT

A clearer programme of estate activity and better sequencing.

Make holiday windows work harder.

Holiday periods can create valuable windows for larger, disruptive or multi-trade improvement projects.

Holiday programmes

Coordinate larger improvement packages.

Classrooms

Teaching-space refurbishment.

Washrooms & offices

Refresh support spaces.

Painting & flooring

Planned internal improvements.

External works

Coordinate relevant external works.

Energy improvements

Coordinate practical efficiency projects.

DELIVERY APPROACH

REVIEW → PROGRAMME → DELIVER → REPORT

Scope, access, contractors and completion aligned to the available window.
